ABSTRACT.

If we pay attention to the history of their countries, the struggle for territorial integrity occupies an important place. The history of Azerbaijan is also rich with scenes of struggle against foreign invaders. After gaining independence, our country faced the war and tragedies in Karabakh. For 30 years, Armenia’s occupation of our lands, dual politics, insulting and destruction of our cultural, historical, and religious monuments did not bother the world’s international organizations. On September 27, 2020, as a result of Armenia violating the ceasefire again, the Azerbaijani army launched a counterattack. After liberating villages, towns and cities, they raised the 44-day Victory flag in Shusha. The historical victory won became a color song. In this article, the works of Yashar Samadov “The Turkish Way”, Amirkhan Mammadvaliyev “General Polad Hashimov”, Intigam Jafarov “Toward the Light”, Aynur Novruzova “Kharibulbul and the Bozgurd”, Vafa Allahyarova “The Homeland Garden”, Abol Bahadori “Shusha” are analyzed in the context of art criticism.

AZƏRBAYCAN RƏSSAMLARININ YARADICILIĞINDA ZƏFƏR PAYIZI

Özet

Ölkələrinin tarixinə diqqət yetirsək ərazi bütövlüyü uğrunda mübarizələr mühüm yer tutur. Azərbaycan tarixi də yadelli işğalçılara qarşı mübarizə səhnələri ilə zəngindir. Müstəqilliyini qazandıqdan sonra ölkəmiz Qarabağda baş verən müharibə, faciələrlə üz-üzə qaldı. 30 il ərzində ermənistanın torpaqlarımızı işğal etməsi, ikili siyasət, mədəni, tarixi, dini abidələrimizin təhqir, məhv edilməsi dünyanın beynəlxalq təşkilatlarını narahat etmirdi. 2020-ci il 27 sentyabr tarixində ermənistanın növbəti dəfə atəşkəsi pozması nəticəsində Azərbaycan ordusu əks hücum keçdi. Kənd, qəsəbə, şəhərləri azad edərək 44 günlük Zəfər bayrağını Şuşada ucaldılar. Qazanılan tarixi Zəfər rəng nəğməsinə çevrildi. Bu məqalədə Yaşar Səmədov “Türk yolu”, Əmirxan Məmmədvaliyev “General Polad Həşimov”, İntiqam Cəfərov “İşığa doğru”, Aynur Novruzova “Xarıbülbul və bozqurd”, Vəfa Allahyarova “Vətən bağı”, Abol Bahadori “Şuşa” əsərləri sənətsünaslıq kontekstində təhlil edilmişdir.

INTRODUCTION

One of the main pages in the history of countries is the struggle for territorial integrity. If we pay attention to the history of Azerbaijan, we should emphasize the heroic struggle of our people against foreign invaders. After regaining its independence in the 1990s, Azerbaijan faced the threat of losing its territory. Armenia's occupation of Karabakh, the destruction of mosques for 30 years, and the crimes committed prevented the war from ending peacefully.

On September 27, 2020, as a result of Armenia's violation of the ceasefire once again, the Azerbaijani army started fighting to return the occupied territories. The Azerbaijani army, who wrote history with their heroism in 44 days, won a victory in Shusha on November 8, 2020. Historical Victory enchanted autumn into the world of colors. Victory became the main image in all areas of our country. Historical success, which became the source of inspiration for our artists, became the subject of our painters.

The interpretation of the main material.

In the work "The Turkish Way", Yashar Samadov describes the way of the Turkish people to fight and win. In the work, we follow the architectural heritage of Azerbaijan and Turkey. Soldiers attacking the enemy, the woman in the center of the composition holding a dagger, two brothers holding the country's flag and standing up for the defense of the motherland. The woman depicted as the mother of two countries is a symbol of unity, power, and land. (fig 1)

Fig 1. Yashar Samadov "Turkish way" (paper, mixed method, 70x53 cm)

He created "Portrait of General Polad Hashimov" (fig 2) using Amirkhan Mammadvaliyev's smalta stones. The traditions and principles of the solemn portrait genre, the proud posture of the general, the love of the country, are mixed in the solemnity of the tricolor flag.

Fig 2. Amirkhan Mammadvaliyev "General Polad Hashimov" (mosaic, 157x113 cm)

Intigam Jafarov painted "Toward the Light" (fig 3) on canvas, using oil painting technique. Portraits of historical figures of Azerbaijan and Turkey, Heydar Aliyev and Atatürk, are depicted. The character of mother is the protagonist of this work.

Aynur Novruzova especially emphasizes the symbols of the Turkic peoples in front of the free Shusha in the work "Kharibulbul and Bozgurd" (fig 4). Just like the image of the gray wolf, the nightingale is a symbol of perseverance and fearlessness.

Fig 4. Aynur Novruzova "Kharibulbul and Bozgurd" (canvas, oil paint, 45x55 cm)

After the liberation of Karabakh, the homeland returned to its native land. Vafa Allahyarova created the work "Homeland Garden" (fig 5) on paper with watercolor technique. In the background, the liberated Karabakh architecture, in the foreground, the birds are singing the liberation of the homeland garden.

Abol Bahadori presents to the audience the cultural capital distinguished by its splendor in the composition "Shusha". A dove flying in the sky celebrates peace and freedom. The Karabakh horse and the woman dancing to the sounds of the Yellow Bride folk song on the Cidir plain are Shusha's marvelous art treasures. The color palette, mutual unity of images, lyrical, patriotic feelings are emphasized by Victory autumn spirit. (fig 6)

Conclusion

The main results of the scientific article "Autumn of Victory in the creativity of Azerbaijani artists" are as follows:

- The works of Azerbaijani artists on the theme of Victory were analyzed in the context of art studies
- The image of victory is an actual topic of a new stage of our modern fine art

The historical victory of the Azerbaijani people will live in the hearts of all citizens in the autumn season with both glorious and sad feelings.
